When was the last time clinicians felt this way about a website?

"When we look back on the early 21st century with regards to Cosmetic Medicine, we will think of R. Rox Anderson, The Carruthers and we will think of Medical Spa MD. Medspa MD has done more to advance cosmetic medicine than Anderson and the Carruthers combined. There has been a paradigm change in the cosmetic medical world and it can be directly attributed to Medical Spa MD!"

~ Jeffery E. Epstein MD, MAPA Cherry Hill Laser & Skin Care Center

"To really know what's going on in the aesthetic business you MUST join Medical Spa MD! Nowhere else can you find the information crucial to your success in this ever changing arena, from the forum discussions to real equipment reviews by aesthetic professionals. I especially value the articles on marketing and the community discussions on therapy management like melasma, fillers, laser lipolysis, and skin resurfacing. Medspa MD keeps me on my toes as a medspa and laser clinic owner, marketer, and nurse!"

~ Paula D. Young RN, Young Medical Spa
