Table of Contents

Preface.....	6
Chapter 1 – Understanding Injectables	7
Understanding Injectables.....	7
FDA Approved.....	8
Bovine Collagen	8
Injection Process	9
Porcine Collagen - EVOLENCE®.....	9
Hyaluronic Acid Fillers	11
Restylane®.....	11
Juvéderm™	12
Captique	13
Hylaform™	13
Perlane®.....	14
Calcium Hydroxylapatite Dermal Filler	14
Radiesse®.....	14
Poly-L-Lactic Acid Dermal Fillers - Sculptra®	15
Non-Filler Injectables	17
Botox® Cosmetic.....	17
Dysport™ (Reloxin)	17
Chapter 2 – Fitzpatrick Skin Typing	18
Fitzpatrick Skin Typing	18
Skin Classification by Ethnicity Type.....	22
Chapter 3 – Dermabrasion & Microdermabrasion	24
Dermabrasion and Microdermabrasion.....	24
Dermabrasion	25
Microdermabrasion.....	25
Crystallized Microdermabrasion	25
Crystal-Free Microdermabrasion.....	26
Chapter 4 – Chemical Peels Introduction	30
Introduction to Chemical Peels	30
Desquamation	31
Acneic Skin Conditions.....	31
Melasma and Sun Damaged Skin Conditions.....	31
Scarred Skin Conditions	31
Fine Lines or Wrinkled Skin Conditions.....	31

Preparing the Patient for a Peel 31

Hydroxy Acids..... 31

 Types of Hydroxy Acids..... 32

 Jessners Peel 33

 TCA Chemical Peels 33

 Bakers-Gordon/Bakers Phenol..... 34

Chapter 5 – Fundamentals of Aesthetic Lasers 36

History of Lasers 36

Birth of the Laser 36

Electromagnetic Spectrum 37

 Wavelengths..... 37

 Frequency..... 38

 Joules 38

 What Causes Waves?..... 38

 Properties of Wave Function 39

Laser Effect on Tissue 39

Chapter 6 – Laser Classifications 41

Laser Classifications..... 41

Noninvasive & Minimally Invasive Lasers..... 42

Non-Ablative Lasers & Intense Pulsed Light (IPL)..... 43

Ablative & Invasive Lasers 46

Chapter 7 – Safe Use of Lasers 48

Safe Use of Lasers..... 48

 Symptoms of Laser Eye Injury..... 50

 Technical Guidelines for Eye Safety 50

State Regulations 51

Chapter 8 – Laser Applications 56

Laser Applications..... 56

Patient Selection..... 56

Skin Color 57

Laser Burn..... 57

Medical History 58

Physical Examination..... 60

Chapter 9 – Topical Anesthetics & Pain Relief 61

Topical Anesthetics and Pain Relief..... 61

Mechanical Cooling Devices 62

Nerve Blocks 63

Chapter 10 – Light Based Hair Removal..... 64

Hair Removal..... 64

Anatomy of the Hair Follicle	65
Growth Phases of Hair	66
Melanin.....	67
Laser and Light Devices for Hair Removal	68
Long Pulse Ruby Laser	70
Long Pulse Alexandrite Laser.....	70
Diode Laser	70
Short Pulse, Q-Switched Nd:YAG 1064nm	70
Long Pulse Nd:YAG 1064nm	71
Intense Pulsed Light (IPL)	71
Post Treatment	72
Chapter 11 – Photorejuvenation.....	74
Photorejuvenation	74
Hyperpigmentation	76
Solar Lentigines	76
Freckles	77
Melasma and Chloasma.....	77
Skin Lightening Agents.....	77
Hydroquinone	77
Kojic Acid.....	78
Arbutin	78
Azelaic Acid	79
Topical Retinoids	79
Alpha Hydroxy Acids	79
Facial Telangiectasias.....	79
Rosacea.....	80
Chapter 12 – Acne Vulgaris	81
Acne Vulgaris.....	81
Etiology of Acne	82
Medical Treatment Modalities.....	83
The Use of Lasers in Treating Acne	83
Chapter 13 – Vascular Lesions.....	86
Vascular Lesions	86
Blood Vessel Anatomy.....	86
Types of Vascular Anomalies Treated With Lasers	87
Telangiectasia	87
Rosacea.....	88
Leg Veins.....	89
Varicose Veins	90
Cherry Hemangiomas.....	90

Vascular Birthmarks 90

Chapter 14 – Skin Tightening 92

 Skin Tightening 92

 Skin Tightening Devices 92

 Skin Tightening Devices At-A-Glance 94

Chapter 15 – Laser Skin Resurfacing 96

 Ablative Resurfacing Lasers 96

 Non-Ablative Resurfacing Lasers (1064, 1440, 1500, 1540nm) 97

 Fractional Technology 98

 Radio Frequency (RF) Devices 98

 Plasma Skin Resurfacing Lasers 99
